**Partnered with** **Smithers Quality Assessments**

**VALUE PROPOSITION**

## Partnership

Wollam Auditing Services, LLC partners with Smithers Quality Assessments, Inc. to bring the Petroleum & Natural Gas Industry Certifications and Certificates against the ISO Standards and API Specifications. It is no secret that the Aerospace and Automotive Industry has led the way in terms of reliability, service quality, safety performance and integrity in their Certification Services. In fact, the latest API Specification have been modeled after Aerospace, and our Professional Trade Organizations have studied

their success. Wollam Auditing Services, known for their oil and gas experts and Certified Auditors with decades of experience, has Partnered with Smithers Quality Assessments, Inc. (SQA) to help our industry restore credibility and confidence in the auditing process. Together, the two companies have an expertise that is unmatched in the PNG Industry.

## Expertise

SQA are experts when dealing with risk mitigation – no room for error, complexity of systems, new technologies, high reliability, safety requirements, and failure data for components all of which are critical for Aerospace. Wollam Auditing Services are oil and gas experts who specialize in Upstream consisting of exploration, development, and production; Midstream consisting of pipeline, marine, service and supply; and Downstream consisting of oil tankers, refiners, and retailers. All our auditors are IRCA certified and backed with decades of experience. SQA & Wollam Auditing Services challenges industry to compare our audit process, auditor competencies, credentials, accreditations, and overall value against any of our competitors in the Petroleum & Natural Gas Industry. Our auditors undergo hundreds of additional hours of accredited training, an intensive competency program which ensures our clients receive the absolute BEST VALUE. Our joint audit teams and certification services bring industry the best technology, reliability, and credibility.

## Certification

The Petroleum & Natural Gas Industry, one of the more complex and regulated industry segments along with lower oil prices and greater competition, all of which require companies to continually improve in order to prosper. SQA & Wollam Auditing Services conduct engineering and specification audits which assure facility, plant, equipment, service related product and service execution integrity. Obtain your ISO 9001, ISO 14001, OSHAS 18001, Certifications or your API Specification Q1, Q2, 18LCM Certificates from us.

SQA & Wollam Collaborate to offer ISO Certifications and Certificates for API Specification in the Petroleum & Natural Gas Industry. ANAB is the authority for accrediting Certification Bodies. You can Validate your CB accreditations by going to [www.anab.org](http://www.anab.org). SQA offer Management System Certifications against ISO Standards and API Specifications.

We offer certification for ISO 9001, ISO 14001, OHSAS 18001 within the PNG Industry.

- ISO 9001:2015 specifies requirements for a quality management system when an organization needs to demonstrate its ability to consistently provide products and services that meet customer and applicable statutory and regulatory requirements. This remains the number 1 standard certified against in the Petroleum & Natural Gas Industry.
- ISO 14001:2015 specifies the requirements for an environmental management system that an organization can use to enhance its environmental performance. ISO 14001:2015 is intended for use by an organization seeking to manage its environmental responsibilities in a systematic manner that contributes to the environmental pillar of sustainability while providing the framework for regulatory compliance.
- OHSAS 18001 specifies the requirement for an Occupational Health and Safety Management System that an organization can use to enhance its occupational health and safety performance. This standard is currently being replaced by ISO 45001 which takes into account the OHSAS 18001 requirements.

Unlike other generalist our auditors are experts in the PNG Industry and SQA is accredited by ANAB and used by Aerospace, Automotive, Medical and Petroleum & Natural Gas to provide Service Supply Organizations clients as well as their consumers a high level of confidence that the certified company has the required controls in place.

## Certificates Against API Specifications

**NO Certification Body is Accredited by ANAB to offer API Specifications Certifications.**

Wollam Auditing Services and SQA offers both Certificates of Compliance (COC) and Certifications against the following API Specifications:

- API Specification Q1: The Ninth Edition is a Quality Management System Specification for Manufacturing Organizations to the Petroleum and Natural Gas Industry. The ninth edition represents a major change and shift in quality management for oil and gas equipment manufacturers. The ninth edition introduces over 85 new clauses and 5 entirely new sections.
- API Specification Q2: The First Edition is a Quality Management System Specification for Service Supply Organizations to the Petroleum and Natural Gas Industry. The first edition represents a major shift in quality management for oil and gas Service Supply Organization. The 1st edition introduces a major focus on risk mitigation, service quality, and service-related product reliability.
- API Specification 18LCM: Product Life Cycle Management System Requirements for the Petroleum and Natural Gas Industries, First Edition.

In addition, we can combine your API Specification Q1, Q2 or 18LCM COC with your ISO 9001, ISO 14001, OHSAS 18001 Certifications for a fraction of the cost while ensuring the highest integrity. Compare our competencies, accreditations, audit process, pricing against any Certification Body in the Petroleum & Natural Gas Industry.

## Benefits of Using SQA & Wollam Auditing Services

Look at how our combined Accreditations compare to your Certification Body. SQA and Wollam Auditing Services have partnered to offer Industry a robust, integrity audit process that results in World Recognition. Compare our qualification to your existing Certification Body.

### ANAB Accreditations

ANSI/AIHA Z10, AS9100, BS OHSAS 18001, CSA Z1000, ISO 13485, ISO 14001, ISO 9001, SN 9001

### Industry Expertise

API Specifications Q1, Q2, 18LCM, COC, COPC, ROIP, IACET

## Recognition & Credibility

Our programs, certifications, and Certificates of Compliance are recognized and highly coveted around the globe. Our clients utilize our services for 3rd party certification audits against both ISO Standards and API Specifications; 2nd party audits for Critical Suppliers and 1st party audits for their internal audits. Our Certificate of Product Conformance™ (COPC) audits are utilized by Service Supply Organizations for their rental equipment as well as by manufacturers for newly manufactured equipment. The COPC is the most robust product audit in the industry.

Experience the difference, see the value and Return on Investment (ROI) that the organizations Shareholders, customers, government bodies and other interested parties recognize when using Wollam Auditing Services and Smithers Quality Assessments, Inc. both highly technical auditing companies.

## The Industry Highest Reliability & Recognition Program

SQA & WPAG bring the Industry the Regional Operational Integrity Program™ (ROIP) where a company may demonstrate compliance to API Specifications Q1, Q2, ISO 9001, ISO 14001 or OHSAS 18001 throughout an entire Region. This program is based on set of robust controls and actual safety and service quality performance.

Companies are awarded Certifications and Recognition Flags at the platinum, gold, silver, or bronze or level, depending on their actual Safety and Service Quality (NPT, COPQ) performance. See our website for more information.
